Ethical Decision Making – Gordon Graham

An overview on the decision making process. Many people have never been taught how to make a decision and what needs to be considered in the decision making process. In this presentation a ten-step process, GRIDM (Graham's Rules for Improving Decision Making), is covered to demonstrate a technique to make better, ethical decisions.

Seven Rules of Admiral Hyman Rickover – Gordon Graham

Admiral Hyman Rickover is known as the "Father of the Nuclear Navy." This portion of the U.S. Navy has a reputation for excellence as well as a phenomenal safety and reliability record. Admiral Rickover developed some "rules for success" in dealing with the risks he faced in working with "nuclear" power. How do these rules apply to you in your organization? A funny yet information packed program that applies to any risk centric organization
